## VOLGA BIT

**JMA**®

Mit der neuen Maschine **VOLGA BIT** können Sie Bart- und Doppelbartschlüssel (mit und ohne Dornloch) sowie Pumpenschlüssel und Schlüssel mit vertikalen Einschnitten kopieren, und zwar dank der Spannbacken in zwei Höhen ohne Einschränkungen in der Schlüssellänge.

**VOLGA BIT** bietet die von den Kunden geforderte hohe Präzision sowie ein modernes Design, das die kompakte Bauform mit der Ergonomie vereint und somit zu einem idealen Gerät für Ihr Geschäft für Schlüsselpkopien macht.

*La nouvelle machine **VOLGA BIT** vous permet de dupliquer, non seulement, des clés à gorge à un ou deux pannetons (« mâle » et « femelle »), mais également des clés frontales et à rainures verticales ; et tout cela, sans aucune limitation de longueur de clé grâce à son système d'étaux à double hauteur. **VOLGA-BIT** offre à ses clients les plus exigeants le plus haut degré de précision et un design moderne qui allie à la fois des dimensions compactes et ergonomie, ce qui fait de VOLGA-BIT la machine parfaite pour vos besoins de duplication de clés.*

## BERNA BIT

**JMA**®

Kompakte professionelle Kopiermaschine, die Einfachheit und Vielseitigkeit kombiniert. Eine widerstandsfähige und präzisen Kopiermaschine für Bartschlüssel, Einzel- und Doppelbartschlüssel

*Une machine de reproduction professionnelle compacte qui allie simplicité et polyvalence. Une machine de reproduction robuste et précise pour la reproduction de clés à gorge, à simple panneton et à double panneton*
